

CONTAINING THE COST OF OUT-OF- NETWORK CARE

**Introducing Contigo Health
ConfigureNet Out-of-
Network Wrap™, an
easy-to-implement solution.**

The cost of going out of network for care can be an unexpected shock for health plan administrators as well as their health plan members. The new Contigo Health ConfigureNet Out-of-Network Wrap is a new offering for self-insured employee benefits plans, giving you access to a no-hassle way to positively impact your bottom line and your health plan members' out-of-pocket costs when they access out-of-network care.

Extend care coverage to plan members across the nation with the assurance of lower costs and no surprises. That's what you get when you choose ConfigureNet™.

Confidence with ConfigureNet.

Contigo Health ConfigureNet Out-of-Network Wrap is an ideal solution for health system employer- and provider-sponsored health plans. Our geographic coverage spans all 50 states and Puerto Rico, including contracts with over 900,000 providers across 4.1 million U.S. locations.

/// Pre-negotiated contracted rates.

ConfigureNet will provide health plans with the claims discounts to help drive down cost while offering health plan members robust out-of-network provider access at a lower cost. We will bring nationwide access to providers with pre-negotiated contracts in place including:

- // Acute Care Hospitals
- // Ancillary Facilities
- // Chiropractors
- // Durable Medical Equipment Suppliers
- // Home Health Services
- // Laboratories
- // Mental Health Practitioners
- // MRI Centers
- // Physical Therapists
- // Physicians
- // Radiology Centers
- // Surgery Centers
- // Urgent Care Clinics

Designed for seamless integration with existing benefit plans.

ConfigureNet can be executed and implemented with little change to your existing benefits plan.

Designed for immediate positive financial impact.

Because ConfigureNet has been designed to be a plug-and-play solution that can be integrated at any time during the year, the savings can be realized almost immediately. Contigo Health® offers a complimentary savings analysis to demonstrate the value of choosing ConfigureNet.

/// Bottom line: If access to out-of-network care is on par (or better), why leave money on the table?

Why Contigo Health?

In addition to ConfigureNet, Contigo Health offers a complete portfolio of health plan administration products, including Contigo Health Sync Health Plan TPA™ and Contigo Health Centers of Excellence 360™, which support a common goal for all stakeholders to:

1. Increase access to high-quality care
2. Enhance employee engagement
3. Control costs
4. Get employees back to work and life faster

Contigo Health is uniquely situated to provide clinicians, health systems, and employers new opportunities to work together and optimize employee health benefits. As a subsidiary of Premier, Inc., Contigo Health is a trusted and reliable part of an alliance of over approximately 4,400 U.S. hospitals and health systems and more than 250,000 other providers and organizations.

Think ConfigureNet may be a good fit for you? We offer a complimentary savings analysis to demonstrate the value available from our solution. It's a straightforward process. Contigo Health will:

1. Analyze your existing out-of-network claims data for the past year.
2. Provide you with the savings opportunity and a quote.
3. Create a proposal and contract to make the switch easy and frictionless.
