

THERE'S A BETTER WAY

**Contigo Health Sync
Health Plan TPA™ provides
your employees access
to high-quality care at a
manageable expense.**

Healthcare coverage is one of the most important benefits employers provide to their employees. And you need a plan that is there for your employees when they need quality care and the ability to get back to their lives more quickly. But as the cost of care continues to rise, employers find it harder to bend the curve.

/// Network Solutions

We do this through:

- // Integration with existing population health management programs, PBMs, ACOs, and Clinically Integrated Networks
- // Flexible options in benefit design, data integration, and network coverage
- // Integration with Contigo Health Centers of Excellence 360™, an industry-leading center of excellence network of some of the country's top-rated health systems
- // Tailored care management programs including case and disease management, biometric screening programs, and maternity management
- // Strong employee satisfaction, providing great service to your employees and their families
- // Reporting tools so that employers can see the performance of their health plan and identify areas for improvement

Leverage ConfigureNet Out-of-Network Wrap™. Our geographic coverage spans all 50 states, including contracts with over 900,000 providers across 4.1. million U.S. locations.

Want even better news? We'll be there to help you implement your new health plan every step of the way. We un-complicate the complicated to create a smooth transition for you and your employees.

Contigo Health, LLC has found a way to help make that happen.

Sync Health Plan TPA empowers self-funded employers with a flexible approach to employee benefits to help improve overall health outcomes, achieve cost savings, and improve member satisfaction.
