

UNLEASHING VITAL OUT-OF-NETWORK CLAIMS SAVINGS POTENTIAL

Introducing a smart, flexible repricing solution when it's needed most

/// It's a harsh healthcare climate.

Employers offering health benefits are increasingly facing runaway healthcare costs and a worrisome financial position for their self-funded health plans.

In fact, nearly nine out of 10 corporate executives surveyed said the cost of providing health benefits to employees will become unsustainable within five to 10 years.¹

For you from the architects of financially sustainable healthcare.

At Contigo Health, LLC, we are relentlessly focused on revolutionizing healthcare through affordable, transparent, comprehensive access and thoughtful benefits design. Backed by experience, data, and expertise, we are the architects of a new ecosystem that can provide more financially sustainable healthcare for all.

Relief is here.

Introducing a highly flexible plug-in solution designed to help you contain high out-of-network claims costs for your health plan—all while building on the provider network you already have in place. We call it ConfigureNet™ Price Advantage. Leveraging the strength of our ConfigureNet™ nationwide provider network, you can now gain access to market-leading, pre-negotiated rates almost anywhere out-of-network care is delivered in the U.S.

As a flexible plug-in option, Price Advantage has been designed to help you gain greater financial control.

The flexible plug-in that's all upside.

- // No up-front cost for savings analysis
- // No payments until you start saving money
- // Implement it as your dedicated out-of-network cost-containment solution
- // Leverage ConfigureNet™ Price Advantage to work alongside and optimize your current network constructs
- // ConfigureNet™ Price Advantage complements your existing No Surprises Act solutions

Think of it as on-demand repricing.

- // We've designed ConfigureNet™ Price Advantage with the flexibility to meet you where you are
- // You make the call—access repricing precisely when and where you need it
- // It's a cost-saving option that can also expand the power of out-of-network cost-containment solutions you may already have in place

Gain the advantage of predictability.

- // All of our provider contracted rates are negotiated as payment in full, which eliminates unexpected balance billing
- // We work diligently to secure fair market price to help you save

What makes it work
